## Trades Women Building Nations Conference

This will be the ninth national multi-craft, union-sponsored conference held in the U.S. The official conference sponsors are North America's Building Trades Unions (NABTU). In addition, many international unions, industry suppliers and contractors are making donations to support the conference.

It is often difficult for women to work in the trades because they find they are the only woman (or one of a very few) women out on the jobsite. Being in a room with 2,000+ other tradeswomen who have a similar experience, is key to helping women break the isolation they may feel at work.

**When:** October 4-6, 2019

**Where:** Hilton Minneapolis Minnesota

**Website:** <http://nabtu.org/twbn/>

**Download:** [Conference Flyer and Registration](#)

## Networking & Speed Mentoring for Women in the Construction Industry

APi Group Women in Construction and NAWIC Chapter 164 Mpls/St. Paul will host a networking and speed mentoring event for women in the construction industry and trades. Meet senior leaders from APi Group, Ryan Companies,

McGough, Parson's Electric, Kraus Anderson, Hunt Electric, and more as they share their advice and leadership stories.

**When:** Friday, September 6, 2019, 8:30-10:30am

**Where:** APi Group Learning Center,  
1200 Old Highway 8 NW, New Brighton

## Urban Boat Builders

The apprenticeship program is a paid job training opportunity in which Twin Cities youth develop skills in technical woodworking, social and emotional learning, career-readiness, and a connection to local waterways.

The program hires youth (16-19) who qualify as low-income and/or have employment barriers and they have the option to participate from 3 - 12 months (initial commitment is one session). Pay starts at \$9.65/hour with opportunities to receive a raise with each session.

### Fall Schedule:

Below is a list of important upcoming dates with the hiring process:

- 8/19/2019 - The online application goes live!
- 9/05/2019 - Open House
- 9/13/2019 - Application closes
- 9/17/2019 - Interviews begin
- 9/19/2019 - Employment offers finalized
- 9/23/2019 - Training week begins

## What to know about the Hands-Free Law

Beginning August 1, 2019, drivers can be pulled over by law enforcement if they have a phone in their hand while driving.

**Here's what all drivers need to know:**

1. Don't use your phone when you drive. Put your phone in the glove compartment or trunk or backseat or turn on a do-not-disturb app and enjoy the drive. It's free, and you will be surprised at how many new sights you will see on your drive.
2. Use a single earphone that has the microphone, and you are hands-free. Remember, using earphones in both ears at the same time is illegal in Minnesota.
3. Pair your phone to your current car or truck. If your existing vehicle and phone can talk to each other, pair up and go hands-free.
4. Buy an auxiliary cable and connect your phone's earphone jack to your car's AUX jack. You can operate your phone by voice or single touch and listen through your car's audio system. Auxiliary cables can be purchased for less than \$5.
5. If your car is older and doesn't have an AUX jack but has a cassette player, you can buy an adapter that fits into the cassette player and allows you to connect your phone through the earphone jack. The cassette adapters cost about \$30.
6. Buy a holder to clip your phone to the dash. You can use it in a voice-activated or single-touch mode. Clips can be simple and cheap or complicated. Make sure you get one that holds your phone securely. Prices range from less than \$5 to \$50.
7. Buy a Bluetooth speaker or earphone to pair with your phone. There are many after-market choices for both, all of which let you go hands-free. Prices are generally in the \$10 to \$50 range.
